

Single Feasible Source Purchase

Title: Building Operator Certification

Description: The Building Operator Certification program is a competency-based training and certification program for operation and maintenance staff working in commercial, institutional, and industrial buildings.

The Northwest Energy Efficiency Council (NEEC) developed the BOC program and holds the rights to the BOC trademark and all BOC products. The NEEC has a license agreement with MEEA, giving MEEA the right to use and distribute the trademarked BOC Program and copyrighted materials. Additionally, MEEA is the only organization to hold a license agreement with NEEC to use and distribute the trademarked BOC Program and copyrighted materials in Missouri.
